This is to certify that, about eighteen months ago, I commenced using Stratings's Amasona. My hair was short, thin and rapidly falling out. I had tried many Hair Tonics, Invigorators, &c., without receiving any lement. Soon after using the Ambrosia my hair crased falling out, and commenced growing so rapidly as to stonish me. Now my hair is thick, soft and glossy, and is five feel four inches in length—when let down reaching the floor. This wonderful result I attribute solely to the use of Strating's Amason's, assumed I commenced using it I have applied nothing else to my hair.
